Step 5:

Managing SmartForms and eReferrals in Zedmed

A Any HealthLink SmartForm referral created for a patient can be viewed and interacted with in Zedmed's **Summary Views** section of the patient's record .

Locating a patient's referral/document…

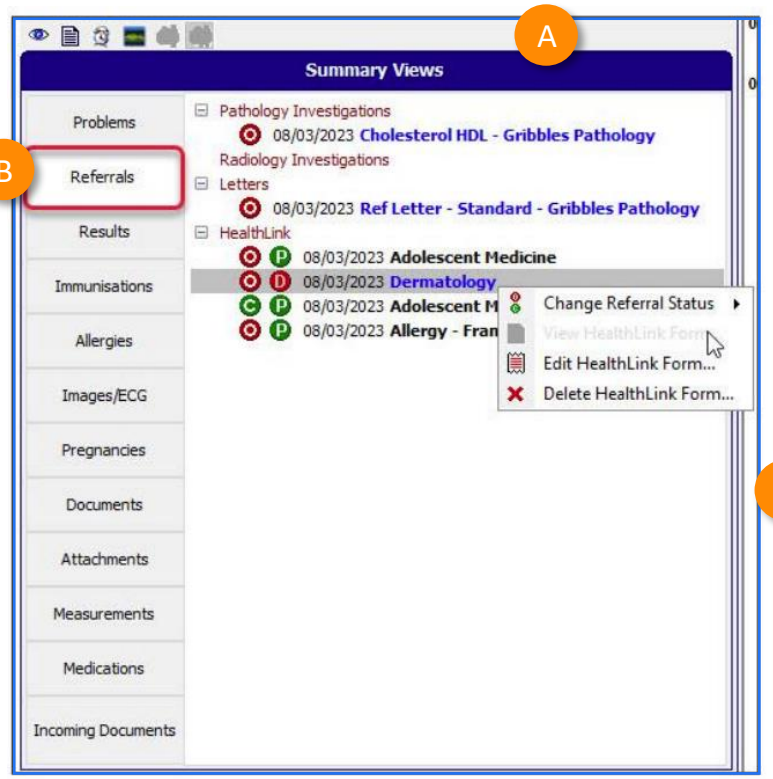

B If a referral is done through an Encounter, then it will go into the **Referrals** tab.

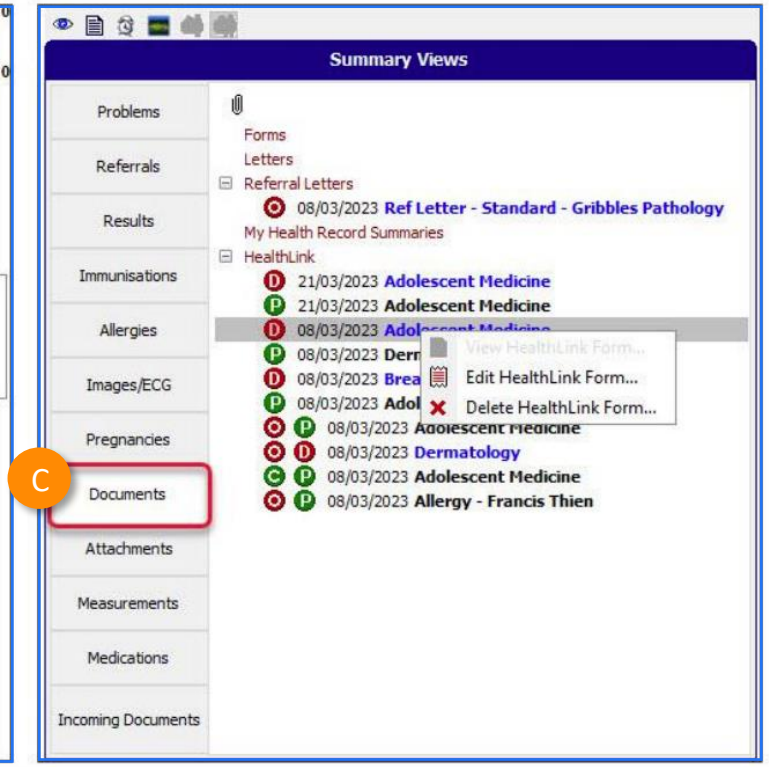

C If a referral is done through Quick Documents, it will show in the **Documents** tab.

Note: You can locate 'parked' and 'auto-saved' forms here too.

Note: Users need to right click on the item they want to edit / update.

Note: when returning to a draft form, due to security policy, any previously added attachments will need to be re-added.

Zedmed status options manually selected by doctor:

- Open - referral not been actioned or discussed with the patient.
- Closed - referral has been discussed with the patient or no action is required.

HealthLink status options:

- Draft - the referral/document has not been submitted.
- Processed - the referral/document has been submitted.
- Awaiting Acknowledgement – the referral has been submitted, waiting for an Acknowledgement from the Referred To service.
